The World of Wheat

By H. G. L. Hingee
Director, Research Department

"Tumworts and Tum-wortless peas!" That's what your herd consists of, Mr. Hingee?

These were the first words said to me a few years ago by a neighbor who looked with an expert eye at his hog.

So, to be frank, I said to him, "Herd and Hurdless—that's what your fine field of wheat consists of!"

We were both astonished to hear these things, but we learned something from each other, nevertheless.

Those producing plants should know the fine points of their animals. Particularly so it is important for wheat producers to know how to distinguish the different varieties from one another, for many a man who thinks he is growing good Marquis wheat may, in fact, have a little of this variety in his field, but as one humorist has said, "Sometimes hardly enough to hurt."

How are the wheat varieties identified? Just as easily as pigs or chickens or cattle are distinguished, once you know how.

Future "World of Wheat" articles will show the characters of the various varieties. The local ones are interested in this study should harvest this fall, and preserve a few wheat sheaves from their fields.

The following factors have tended to raise the price, brought causing reductions in Argentina, Germany, and the United States. Canadian spring wheat acreage conditions an only 25 per cent. Unfavorable Australian crop adversely affects the Russian and Hungarian harvest. Half damage in Western Canada. European supply and poor prospects decline.

The following factors have tended to lower the price, Russian wheat offers required in Russia. Favorable Monsoon over India. Chinese Australia offering which freely—Dominion Bureau's wheat forecast estimates for Prairie Provinces increased slightly—European harvest progressing favorably—U. S. Department of Agriculture's wheat and corn estimates increased—Harvesting under way in Prairie Provinces.

Companies Build Homes For Their Employees

Believed to be one of the first companies in Canada to build homes for its employees under the Dominion Housing Act, McCormick's Limited, Barren, and Candy Manufacturers, of London, Ontario, are now completing the first unit in a building plan that will ultimately run to one hundred or more homes.

"We believe that the trend in industry is for employers to take a greater interest in the welfare of their employees and the providing of good type of home is one important step," J. W. Ross, Vice-President of the Company stated. "We had the land available, and the Dominion Housing Act gave us the opportunity of financing the development on terms that made it comparatively easy for our employees to buy their own homes."

Under the plans as prepared by the company, homes to be built will sell for a sum in the neighborhood of \$5,700.00. Built on large lots, with the average about 40 by 150 feet, the homes can be purchased with a down payment in the neighborhood of \$100.00. Subsequent payments of approximately \$25.00 a month will take care of the principal, interest and estimated taxes.

The company, at present, has under consideration a total of six homes. The first of these, now nearing completion, is a fine roomy colonial style bungalow. With a living room 15 feet long and 11 feet 6 inches in width, provision is made for all rooms to be large and spacious.

Homes will be of fire-resistant construction, completely insulated, and with the heating plant under the American Standard Code.

Mr. and Mrs. Stan Warren of Hardisty are visitors at the home of Mr. and Mrs. G. Morris on the weekend. Mr. Warren reports thing very good at his new home.

Bassano Service Station Under New Management

The Bassano Garage and Service Station came under new management last week-end, when Mr. W. C. Cass and Mr. W. R. McCurdy, both former residents of Cere, Alta., assumed control of the business.

These men are prepared to bring to Bassano motorists a complete car service. They are experienced mechanic and any overhaul or repair job will be right in their line.

Besides handling a complete line of Texaco Oil and Gasoline, they are equipped to grease and lubricate your car thoroughly with Texaco products.

Radio and electrical problems can be easily solved by allowing these men to give your radio or electrical appliances a checking over.

Countess Bows To Bassano In Softball Game

On Sunday last, the two rival girls' softball teams Countess and Bassano, tangled on the Bassano diamond, in their latest fixture that saw Bassano come out on the long end of a 7-12 score.

For the first five innings the game was very one-sided, Bassano piling up 10 runs. The local, on careless plays, allowed Countess to pass 1 runs across the plate in the sixth and seventh innings, but saw Bassano girls were unsuccessful in cutting down the lead taken by the locals.

Violent Bacon doing the checking for the locals allowed only 7 hits and 4 walks, striking out seven girls, and scoring for her team the sum of four runs. Doug Pearson also tallied 4 times for the locals.

Pern Ferguson on the mound 4 Countess struck out ten, walked five and was hit for softest hits. Heavy blows for the Countess girls were Pauline Cadot and E. Parrish each crossing the plate four times.

A good crowd of spectators, mostly boys and young men, were on hand to witness the encounter. Spectators, we are told, found anything but a quiet way of expressing their interest, and, all in all, gave both teams the well known "rass."

Following the girls' game, a number of the local rollers played on site, and for a few innings, displayed their skill in awaiting the ball, all over the lot (in a couple of occasions).

The Reward

Reliable information brought into the Recorder Office on Thursday of last week, makes us give room to the following story of interest, and which actually happened in Bassano last week.

Apparently an occupant of a car from Saskatchewan, while stopped in Bassano, lost his wallet. After consulting their journey west for a number of miles, the driver and contents were missed, and the car and occupants proceeded to retrace their steps until arriving at Bassano.

Here the wallet had been found by a local, little girl, and had been turned over to the authorities. Upon examination, the wallet was found to contain approximately twenty-seven dollars in bills and cash, a bank book with a balance extended well into the fourth figure before the decimal point, and securities amounting to a few hundred dollars.

Upon application and verification, the wallet was returned to its owner. In the same connection it was in when lost. The owner, thankful for the return of his property, and feeling it his duty to offer the small girl a reward, asked for her, and upon her appearance, graciously handed her a piece of silver, amounting to the sum of twenty-five cents. Who says that honesty doesn't pay!

A number of students from Brooks, Quichen, and the surrounding districts are visiting in town while writing supplementary examinations.

Mr. and Mrs. P. Morris and Gordon and Archie McLean were visitors to the Scout camp Bebe on Sunday.

Increase Funds Through Picture

Husar, August 18th.—In spite of the shower that followed the dust storm on Tuesday, there was a good crowd attending the movie "The Devil's Squadron," put on by Mr. P. Ubertino, of Bassano, and the proceeds were \$110.70, on top to the fund the community is raising to finance the trip of Miss Hilda Helen Brown to Rochester, where she is being treated by one of the Mayo brothers clinic, and where she is receiving great benefit. The thanks of the people of Husar are extended to Mr. and Mrs. P. Ubertino for their assistance in this matter.

Board of Trade Sponsor Dance Friday, 3rd

The final Board of Trade Dance for the Summer Season is slated to be held on Friday, September 3rd, this being one week from tomorrow night, according to posters displayed around town and throughout the district.

Again the spacious floor assembled in the west end of the Curling Rink will tremble to the rhythmic dancing feet, and we feel sure the dance will be kept still, for none other than Darby and His Pina Colodas are supplying the music.

Those who attended the last dance held in the rink building, do not need to be told of what to expect on Sept. 3rd. Dancers will be able to keep time with one of the best orchestras that have visited Bassano in a "long time." We know everyone was satisfied at the last dance, so let's see a real crowd present on the evening of the third, to share in the entertainment provided.

Don't forget—Bassano's Summer Festival, Friday, September 3rd, and dancing with Darby starts at 9:30 a.m.

P. NEAD POSSESSORS AGED PRINTING SAMPLE

Mr. P. Nead of Bassano has in his possession a very fine sample of the printing done in England many years ago. The sample, namely, a book, contains five or six pages, all hand engraved in wood. There are many pages for a diary, memorandum section, and other pages explaining the English postal customs. The book contains a great deal of information dealing with subjects of interest to Britons.

There are also small pockets inside of the covers for stamps, etc. The cover is nicely bound with a real leather cover.

Stamped on the first page of the specimen are the date it was printed, which was 1833 and the cost price, which, in Canadian money amounts to about 30c. It is interesting to know that during the present times, the sum of 30c would barely pay for the cost of the cover, let alone all the valuable information contained within in the covers.

Tom Shields spent the past week-end at his home in Calgary.

AMBITIONS TRAIL

If all the end of this continuous striving Were simply to attain,
How poor would seem the planning and contriving
Of the end and the hurried driving
Of body, heart and brain!

But ever in the wake of true achieving
There shines this glowing trail;
None other soul will be spurred on, consoling
New power and strength, in its own self believing
Because that does not fail.

Not time alone the glory and the sorrow
If that does miss the goal;
Undreamed of lives may a far tomorrow
From the their weakness of their force shall borrow—
On, on, ambitious soul!

Boy Scouts Enjoy Two Weeks in Mountains

The First Bassano Boy Scout Troop returned last evening, via truck, and car, after a very successful and enjoyable two weeks and a half weeks of camping on the mountainside, in the mountains.

The Officers and Troop Leaders, in company with a few minor accidents, but on no occasion was it necessary to call a doctor. On the whole, the boys have returned in a better and healthier state than when they left here, 18 days ago.

Strict Discipline

To the dismay of some, strict discipline was exacted throughout the whole time. Those who were not used to it, found it hard at first but they soon learned that it didn't pay to indulge in disobedience of orders or breaches of discipline—extra duties about camp was the penalty. In that respect, Dodge, who was Donaldson—the so-called "Menu King of Camp." Our Troop Leader earned himself the very suitable name, "Honesty" because when his patrol served a dish that didn't strike the boys as being quite right.

Swimming

Scout training occupied a large

part of the morning schedule. All members of the Troop (31 in all) are now fully qualified Tenderfoot Scouts—Including the eleven boys who joined in June. Of the 26 boys in Camp, only a few have yet to pass more than one test to become Second Class Scouts. The five Patrol Leaders are fully qualified and are now working on their First Class Tests.

Many Visitors

A number of visitors called on the Troop while in Camp. Mr. Holmes, the Dist. Comm. for the Dominion Forest Reserve at Kamnaskas and University graduate, Mr. Larson, of Mr. Rednold, took the Patrol Leaders out into the woods on two occasions. They gave the boys some information last week-end from the Scout Commissioner. The boys were sent out with their patrols on the following day to pass this information on to them. Mr. Ben Plummer and Mr. J. Hutchison, moved from Calgary to visit them and returned late that night. Mr. and Mrs. W. W. McLaws and family of Calgary, and Mr. McLaws' son, Mr. David Jackson, of Christman, B.C., spent a night in camp. Mr. Jackson donated \$10.00 to the Troop. Mr. and Mrs. H. Smith, Gordon, and Archie MacLean made a rush call last night. Sunday, Goldwyn Smith left with them. We also had a belated, hurried call from the Scout Commissioner, Mr. Donaldson. The Commissioner gave a short talk to the Troop but there was no time available to inspect them or their work to see what they had been doing. Our last visitor was Mr. E. P. Currie, who arrived yesterday just as we were breaking camp. He came for

the purpose of bringing some of the boys back to Bassano and he relieved congestion in the truck considerably by loading it up with them into his car.

Long Hike Made

Besides the regular route of 7-7, 7-7, 7-7, Scout tests and rifle practice the Troop made several long hikes. A most interesting and most worthy of note, the following were the most interesting and most worthy of note. The Monday following arrival in camp, saw the Troop on its way to the House of All, which is situated in a valley down which flows Creek. One of the men in charge was not enough to show the boys over all the workings. On the following day a couple crossed country through the woods, struck Lusk Creek and followed it up stream till we came to a beautiful 40 foot fall. On two or three other parties were sent out to "trail"—others to follow. On the evening of the 11th August, four parties set out immediately after supper to hike till they struck water, strike camp and spend the night there, prepare breakfast in the morning and return to headquarters. The 14th of August was spent in hiking to Beebe and back. Dinner was prepared at the same place. Another high light of the camp was the intrusion of a bear. Other than tipping our garbage cans over, several times and ripping a couple of doors open, he did no damage in his reconnaissance. Considerable excitement was aroused among the boys every time they saw the bear. The bear was seen on the 14th of August was spent in hiking to Beebe and back. Dinner was prepared at the same place. A CAMP OF BLIND SCOUTS

As experimental camp for sightless Boy Scouts of the Scout troop of the Blind School of Bethesda, Calcutta, was conducted a promising success. The 19 blind lads, in groups of Scouts, and took care of all camp

details except cooking. A three mile hike was one of the Scout training exercises greatly enjoyed by the boys. Because of the tidiness of the camp, and the smart appearance of the boys, visitors at first did not recognize them as Scouts were sightless.

Arrowwood Notes

Messrs. Frank and Harry McCutcheon spent the week-end at the home of Mr. and Mrs. L. H. Irwin.

Millicent Jr. Baseball team took the time end of a double header bill at Millicent on Sunday last, when the Queensown-Arrowwood boys met them on their home diamond. The first game, an exhibition affair, wound up with a 1-3 score in favor of the boys from the irrigated land. In the second frame, the Easterners took an early lead on well placed hits, coupled with fielding by the local Jrs. The final score of the second game, this being the first in the play-off series, was 13-1.

The final games of the first round of the Jr. Baseball play-offs, between the Queensown-Arrowwood Jrs. and the Millicent Jrs. will be held on the Arrowwood diamond on Sunday, Aug. 29th. The first game is scheduled to commence at 1:30 p.m. With Millicent holding a one game advantage the local boys promise to give the fans a good game in an attempt to take the first round.

The Union Jack Sunday School class under the leadership of Mr. and Mrs. H. Shatto, had an enjoyable picnic at river on Wednesday.

Miss Evelyn Holland of Hassar is visiting at the home of Lila Clifford.

Miss Dorothy Hestekh is visiting at the home of Mrs. Hayne of Carleton.

Mrs. Allan Phillips and son Douglas is visiting with Mr. and Mrs. Hales of Moreauville.

Mrs. Newton and daughter of Retlaw, has been visiting at the home of her daughter, Mrs. R. Dahl. They returned to their home on Saturday.

Miss Betty Thornton of Milo is visiting at the home of Miss Patricia Coleman.

Don't forget the tea to be held at the home of Mrs. Jacques on Aug. 28 sponsored by the Altar Society.

The Altar Society met at the home of Mrs. Dan McIntosh on Aug. 17th. There were nine members and three visitors present.

Plans were made for a tea at the home of Mrs. Jacques on Saturday, Aug. 28th. Lunch was served by Mrs. McIntosh and Mrs. Hanson. The next meeting will be held at the home of Mrs. Lord on Sept. 14th.

Congratulations are extended to Ivy Riches and Verlyn Culp, the only two honor students in grade IX. Congratulations also go to the rest of the students, as there has not been one failure as yet.

Mr. and Mrs. Roy Sharpe were in town on Saturday last. They are visiting at the home of Mr. Sharpe's parents in Queenstown.

Mrs. Mackie entertained number of ladies at the tea hour on Tuesday in honor of Mrs. Simms, who will be leaving shortly for the coast.

Gem Notes

Mr. Williamson and Mr. Dickman returned from their fishing trip to the mountains. They report good luck and a very pleasant holiday.

Mrs. Burger returned to Edmonton on Sunday, after a visit with her mother, Mrs. McLeod.

Mr. and Mrs. Sparks and family visited Mr. and Mrs. McKay on Sunday.

Mr. and Mrs. T. E. Harnwell and Edna were dinner guests of Mr. and Mrs. Fred Bohne on Thursday evening.

Mrs. A. P. Miller was taken to the Bassano hospital on Tuesday with a very sore foot. We all wish her a speedy recovery.

There was a social credit meeting called in Gem School house on Saturday evening. It was well attended and the speakers gave very instructive addresses. Ice Cream and cake were served at the close of the meeting.

Mrs. Wallace has been entertaining for the past week, several guests from the coast.

Mrs. Stanley Seidman entertained a few ladies at tea on Thursday last. A pleasant afternoon was spent by all.

Mr. Vernard Bray, of Spokane, is visiting his father, Edway Bray and family.

THREE ONTARIO TOWNS PROVIDE BOY SCOUT CLUB HOUSES

Continued evidence of the practical value of Boy Scout training recently brought the gift of headquarters buildings to the Scouts of three Ontario towns. A new club house in Agricultural Park presented to Owen Sound Scouts by the Town Council was formally opened by Mrs. Worship Mayor Jackson. At Harris a new Scout home, to be known as Coronation Hall, was presented to local Scout Association by Mrs. W. J. Hanna, and at Tillsonburg the Bell Telephone Company were the donors of a building on condition that the Scouts removed it, to a site given by Miss Cora Anderson.

WEDDINGS

Cameron—Dunlop

One of the season's most charming weddings was solemnized at high noon on August 23rd, when Grace Wilma, daughter of Mr. and Mrs. W. Dunlop of Stettler, became the bride of Mr. Archibald Lee Cameron, son of Mr. Alexander A. Cameron of Edmonton.

The bride, who was given in marriage by her father, wore a gown of argyle blue starched net with insets of gossamer lace, over tulle, and a large leghorn hat trimmed with velvet ribbon. She carried a flower bouquet of yellow roses.

Following the ceremony, the bride and bridesmaids received the many guests who milled against a background of rose statolith and pastel shaded sweet peas. Mrs. A. Auger and Mrs. W. J. McElroy presided at the tea urns, and friends of the bride assisted in serving the guests.

The bridal couple left later by motor for a honeymoon at the Pacific Coast, when the bride chose for traveling a brown ensemble with suede accessories. Mr. and Mrs. Cameron will be at home at 9222 One Hundred and Twelfth street, Edmonton, after September 7th.
